PREFACE

This edition of the Florida Library Directory contains statistical data for FY 1978-79. It includes address listings as supplied by public, academic, institution and special libraries, and by district school media centers. For the first time, it includes a name index. The computerization of the statistical data and address listings and production of this year's Directory was done by E. Walter Terrie, Florida State University Institute for Social Research.

Statistical information is compiled from the annual reports submitted by cooperating public and, institution libraries. The information reported follows the categories established by the National Center for Education Statistics (NCES). Public libraries used the Library General Information Survey (LIBGIS) form. Academic libraries provide statistical information in alternate years, using the Higher Educational General Information Survey (HEGIS) form. Academic statistics are in this edition but will not be in the 1981 Directory. A brief Florida supplement was added to each of these. The State Library devised a special form for the institution libraries. Data was collected, analyzed and stored on computer through the services of Florida State University, Institute for Social Research. The tables contain such selective data as will facilitate a comparison of FY 1979 financial support and service activities among the libraries.

In using the data it should be noted that population figures are for 1979.* Some libraries included in the address section do not appear in the statistical section. This is because the reports arrived too late for inclusion or failed to meet the conditions outlined on page 111 of the Tables section.

A special note of appreciation is due to the librarians of Florida whose cooperation makes this publication possible.

--Martha Jane Proctor

COVER ART by Mike Tucker
Graphics
Secretary of State

The editors wish to express appreciation to the artist for his design, and to Robert Bell, Graphics, Secretary of State, for his graphic assistance.

*1980 estimates were not available.

5	Financial Information - Receipts by Source	133
6	Financial Information - Operating Expenditures with Percent by Category, Capital Outlay	138
7	Rank Order by Expenditures	143

STATISTICAL ANALYSIS FOR PUBLIC LIBRARIES

FY 1978-79

Data is compiled from annual survey forms distributed to public libraries in December, 1979. Approximately 78% of the libraries reported. Except in cases of obvious inconsistencies where changes were made in consultation with the libraries concerned, the information is published as submitted. The tables are the same as last year.

Summarized data show the libraries held a total collection of 10,196,937 volumes of books and bound periodicals, or 1.17 volumes per capita. They served a total population of 8,709,008 and circulated 30,715,107 volumes or 3.53 volumes per capita. The figures for FY 1978 were 1.20 volumes per capita owned and 3.79 per capita circulated.

Revenue for FY 1979 totalled $51,965,897 and was received from three main sources: local (municipal and/or county governments), 82% State of Florida, 8%; Federal Government 4%; and other 6%.

The libraries reported a total operating expenditure of $43,580,990 which equalled $5.00 per capita. In FY 1978 the figure equalled $4.67 per capita.

Population projections were taken from Florida Department of Administration, Florida Estimates of Population, April 1, 1979, States - Counties - Municipalities (Estimates prepared by Division of Population Studies, Bureau of Economic and Business Research, University of Florida). When the group that is served free-of-charge did not correspond to county or city boundaries, we used figures provided by the library. These exceptions are noted in the footnotes to Table 1.

Some libraries which appear in the address section are not included in the statistical section. This omission was based on the failure to meet - or to be affiliated with a system that meets - any or all of the following criteria set up in Library Statistics: A Handbook of Concepts, Definitions, and Terminology (Chicago, ALA, 1966), p. 30 The library must:

1) Give at least 10 hours of public service per week.
2) Have a book collection of at least 2,000 volumes.
3) Purchase at least 200 volumes per year.
4) Expend at least $1,000 per year.

POPULATION SERVED

(Footnotes to Table 1, Column 4)

1. Orlando Public population is for Orange and Osceola Counties, minus Maitland and Winter Park.

2. All libraries in Brevard County claim service to all of Brevard County.

3. Broward County System reported service to the total Broward County population.

4. Miami-Dade population was computed by subtracting from the 1979 official Dade County estimate the estimates for: Hialeah, Miami Shores, North Miami, Miami Beach, North Miami Beach, Surfside, Bal Harbour, Bay Harbor Islands and Opa-Locka.

5. Surf-Bal-Bay serves population in Surfside, Bal Harbour and Bay Harbor Islands.

6. Barron serves the city of LaBelle plus their estimate of western Hendry County -- a total of 6,563.

7. Clewiston service area equals total county population estimate (17,576).

8. Leesburg population includes Leesburg (14,217) plus population outside city using city utilities (20,753), as reported by librarian.

9. Ft. Myers Beach population is figure reported by librarian for Ft. Myers Beach taxing district.

10. Lee County population is official Lee County estimate minus Ft. Myers Beach taxing district.

11. Ormond Beach library claims free service to all of Volusia County.

12. Palm Beach Headquarters population is figure reported by librarian for Palm Beach taxing district.

13. Each library (Zephyrhills and New Port Richey) claims free service to all of Pasco County.

14. Volusia County library serves the entire population of Volusia County.

PUBLIC LIBRARY STATISTICS FY 79
